Friendly Powerful Reliable

Friendly Powerful Reliable

FMD6E

Veterinary Anesthesia

Trust point

- The equipment could adapt to different animals and procedures freely.
- Designed and manufactured with over 14 years experience in this area.
- Flexible configurations to satisfy your needs.
- International standard and advanced technology suitable for a wide range of use.
- Over 2,000 units installed in the world.

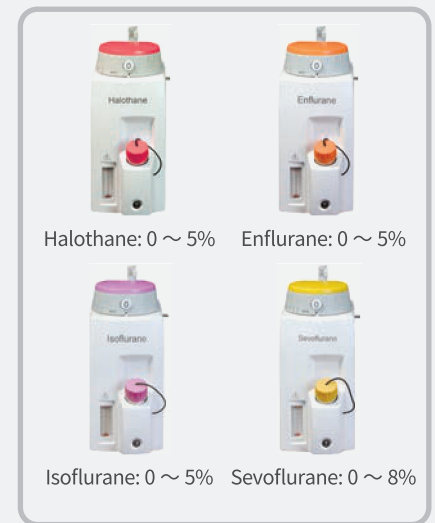

Feature

- The high precision of flowmeter instantly lets you know how much fresh gas flow to animals.
- Integrated breathing circuit design ensures easy operating and keeps tidy.
- Vaporizer with temperature & flow compensation and self-lock function keeps the safety at anytime.

Specification

Flow	O ₂ (0 ~ 5 L/min)
Working condition	
Gas source	O ₂
Pressure	280 kPa ~ 600 kPa

Vaporizer

FAMED SAĞLIK TIBBİ CİHAZLAR İTH.İHRC. ve SAN. TİC. LTD. ŞTİ.
